

ENVIRONMENTAL POLICY

Our company, operating in the hotel textile industry, has established its policy in line with the following principles to maximize the environmental management system in accordance with the purpose and context of the organization.

- Identifying environmental aspects and impacts, and eliminating or minimizing the harm they may cause to the environment,
- Complying with current environmental legislation, administrative regulations, and legal requirements,
- Fostering environmental awareness in customers, suppliers, employees, and other relevant parties,
- Achieving savings by minimizing the consumption of energy and other natural resources through the most effective use in all activities,
- Respecting the environment and implementing a sustainable environmental management system to leave a better environment for future generations,
- Continuously improving the environmental management system for enhanced environmental performance as our environmental policy.
